

Pulling winches

Specifications:

Type	Continuous pulling winch
Pulling force	125 ton
Holding force	238 ton hydr. operated break
Dimensions winch	6,20 x 3,29 x 2,88 m
Weight winch	31 ton
Number available	4
Hydr. Power unit	diesel driven
Dimensions power unit	6,06 x 2,44 x 2,59 m
Weight power unit	11 ton
Storage reel capacity	6500 m wire \varnothing 56 mm
Diameter of storage reel	\varnothing 3,60 m
Dimensions storage reel	4,63 x 4,74 x 4,47 m
Weight storage reel	25 ton (excl. wire)
Dimensions reel small	\varnothing 2,78 m, width 3,35 m
Weight reel small	7,5 ton (excl. wire)
Dimensions reel large	\varnothing 3,60 m, width 3,35 m
Weight reel large	8,1 ton (excl. wire)

Type	Continuous pulling winch
Pulling force	40 ton
Holding force	70 ton
Dimensions winch	4,10 x 2,28 x 2,40 m
Weight winch	10 ton
Number available	2
Hydr. Power unit	175 bar
Dimensions power unit	4,14 x 1,73 x 2,31 m
Weight power unit	7 ton
Storage reel capacity	3750 m wire \varnothing 36 mm
Diameter of storage reel	\varnothing 2,10 m
Dimensions storage reel	2,40 x 4,86 x 2,20 m
Weight storage reel	6 ton (excl. wire)
Dimensions reel small	\varnothing 2,10 m, width 2,20 m
Weight reel small	1,5 ton (excl. wire)
Dimensions reel large	\varnothing 2,40 m, width 2,20 m
Weight reel large	1,7 ton (excl. wire)
